BUILT FOR PRODUCTIVITY AND FLEXIBILITY

MAXIMIZE PROCESSING TIME – THE RAVAGE BALE PROCESSOR HOLDS UP TO 3 SQUARES OR 2 ROUND BALES IN A VARIETY OF BALE TYPES AND SIZES.

With the live floor design and easy bale visibility, the operator has full control of processing with the option to discharge bales that aren't needed.

RAVAGE TOP FEATURES

- 1 Adjustable upper beater to improve feeding.
- 2 One piece forged flails.
- 3 Live floors help control bale processing.
- 4 Spring-loaded bale discharge door.
